RIDE-THE-WAVES EXPERIENCE

Ride the waves and enjoy wakeboarding, water skiing, knee boarding, fun tubing and banana boating!

While water skis provide one ski per leg a wake board is similar to a snowboard and the rider has the joy of balancing on one board. Knee boards are for those who prefer to stay closer to the sea. The board allows for kneeling down while riding the waters.

A fun tube easily fits one or two people who then race across the surface with thrilling speed.

A banana boat allows a group to enjoy the wet fun together. One thing is for sure – it will create a splashing laugh among everyone!

WINDSURFING EXPERIENCE

Windsurfing is a great and popular watersports activity in the Maldives; it's challenging, exhilarating and a good work out.

Windsurfing combines the elements of sailing, surfing and characteristics of skateboarding, snowboarding, wakeboarding and waterskiing. We offer equipment rental for experienced surfers and also lessons from beginner to advanced level.

Grand Park Kodhipparu Watersports Experiences

KITE SURFING EXPERIENCE

Combining the elements of wind and water the kite surfer gets to enjoy it all. Fly through the air and race across the surface.

The rider is pulled across the sea with the help of a kite while surfing on a board similar to a wakeboard. It requires a little bit of skill but promises great fun. We have full rental kits on site. However, for kite rental there is a mandatory minimum skill level required, which is safely riding upwind.

FUN-IN-THE-SUN EXPERIENCE

Have some fun in the sun and enjoy the turquoise waters by manpower. We offer the rental of single and double canoes, Stand-Up Paddle (SUP) boards and pedalos.

SUPs are the latest trend in the non-motorized watersports world. These boards not only increase your balance but also train most muscles in the body. What is there more to gain?

A pedalo is a small human-powered watercraft propelled by the action of pedals turning a paddle wheel. There is neither a better nor more sustainable way of exploring the azure waters of the Maldives with your family. It is fun, accessible and social.
