

## Welcome to baazaar

Baazaar is a fresh approach to ancient bazaars. Bazaar is an ancient Persian word and the oldest existing bazaar in the world is the Grand Bazaar, which opened in Istanbul in 1461. Our mixing pot of food styles, culture and choice, invites guests to dine close to the chefs or laze and graze poolside.

We aim to serve the best fresh produce served in a variety of international styles, coupled with fine wines, delicious cocktails (with and without alcohol) all served in an environment that is rich in service and quality, and very light on formality.

I hope you enjoy your experience and a touch of simple luxury in this wonderful land, your island home.
